

Alcohol Policy

We greatly appreciate the sacrifices that our service men and women have given for our Nation. We are pleased to be able to host them for this Fishing Exercise in gratitude for their service and dedication to duty

Due to medical conditions and contra indications with prescribed medications, alcoholic beverages may pose an unacceptable risk.

It is the policy of Warriors and Quiet Waters that we:

- **Will not** offer any participants alcoholic beverages
- **Will not** assist them with procuring alcoholic beverages
- **Will not** encourage them to consume alcoholic beverages

All participants, guides and volunteers are expected to respect this policy.

A handwritten signature in cursive script, appearing to read "Eric E. Hastings".
